EXPERIENCE

Sales Manager · Tipografia Everest, Bucharest, Romania

February 2012 – Present

Bucharest printing house — 30 years, a team of over 140, offset and digital.

I lead the sales team at Tipografia Everest and keep my own hand on the accounts that matter most — from the first request to the negotiated contract, the price offer built for that client, the internal order and its delivery, and the reporting and planning that keep next year predictable.

- **Lead the sales team:** setting targets, giving direction, and keeping every member accountable for their numbers.

- **Clients and their needs:** handling requests and complaints, and matching products to what each client actually needs.
 - **Negotiate contracts:** with clients and with suppliers — prices, delivery terms and conditions.
 - **Recruit new customers:** prospecting and bringing new business accounts into the portfolio.
 - **Price offers per client:** managing each client's budget and building an offer adapted to it.
 - **Plan internal orders:** scheduling production orders and negotiating delivery terms.
 - **Sales reporting and planning:** weekly, monthly and annual reports; monthly and annual sales estimates.
 - **Marketing activities:** negotiating and organising events and campaigns that promote the company's products.

Senior Sales Executive · RH Printing, Bucharest, Romania

May 2003 – February 2012

The Rațiu family's printing house, one of the most modern in the country; taken over by Everest in 2012.

Almost nine years of selling print: a portfolio of business clients of my own, quotes on complex jobs, and a standing line to production so that what was sold was what got delivered. In February 2012, when Everest took over RH Printing, I continued at Everest.

- **Business client portfolio:** prospecting, quoting, and managing the relationship for the long term.
 - **Quoting print work:** specifications, print runs, deadlines and a price that was right for each job.
 - **Coordination with production:** following every order from approval to delivery.
 - **Key accounts:** the clients with steady volume, kept year after year.

KEY ACHIEVEMENT

Growing the B2B Client Portfolio

Sales Manager · Tipografia Everest

Built and grew a portfolio of business clients through consistent prospecting, careful account management and a focus on keeping the clients we already had. The measure was not the size of the list but how many of those clients were still with us years later.
